Environmental Policy

AVK Australia Holding Pty Ltd and its subsidiaries (the Company) recognises its obligations to protect the environment both locally and globally, for present and future generations. To this aim, the Company documents, implements and maintains through the Company Management System (CMS) an Environmental Management System (EMS).

The EMS shall ensure the Company's commitment to:

- Meeting the regulations and legislative requirements as required by Federal, State and local government;
- Provide support and resources necessary to ensure compliance with the requirements of the Company, environmental laws and regulations and other requirements.
- Ensure that its employees, contractors, visitors and suppliers are informed about this policy and are aware of their environmental laws and regulations and other requirements;
- Ensure that protection of the environment and manage the activities over which it has control and which have an impact on the environment, using world's best environmental practice, and to embedded in both the company's and all employees culture and will endeavour to encourage its suppliers and customers;
- Monitoring its use of natural resources, both renewable and non-renewable and maximise the efficiency and effectiveness with which they are used, with a view to minimising any environmental impacts;
- Periodically reviewing its activities and their environmental impact with a focus on continuous and sustainable improvement and prevention of pollution.

This policy shall be made available to all interested parties.

 Tony McStay, CEO
AVK Australia Holding Pty Ltd
